NOTES TO THE INTERIM FINANCIAL REPORT

A1. Basis of preparation

The interim financial report is unaudited and has been prepared in compliance with Financial Reporting Standards 134₂₀₀₄, Interim Financial Reporting and paragraph 9.22 of the Listing Requirements of Bursa Malaysia Securities Berhad.

The interim financial report should be read in conjunction with the audited financial statements of the Group for the year ended 31 May 2006.

The accounting policies and methods of computation adopted by the Group in the interim financial report are consistent with those adopted in the financial statements for the year ended 31 May 2006 except as noted under Note A2.

A2. Changes in accounting policies

The Group has adopted the following new and revised Financial Reporting Standards ("FRS") that are effective for the financial period beginning on or after 1 January 2006:

FRS 2	Share-based Payment
FRS 3	Business Combinations
FRS 101	Presentation of Financial Statements
FRS 102	Inventories
FRS 108	Accounting Policies, Changes in Estimates and Errors
FRS 110	Events after the Balance Sheet Date
FRS 116	Property, Plant and Equipment
FRS 121	The Effects of Changes in Foreign Exchange Rates
FRS 127	Consolidated and Separate Financial Statements
FRS 128	Investments in Associates
FRS 132	Financial Instruments: Disclosure and Presentation
FRS 133	Earnings Per Share
FRS 136	Impairment of Assets
FRS 138	Intangible Assets
FRS 140	Investment Property

Quarterly Report on consolidated results for the 4th financial quarter ended 31 May 2007

A2. Changes in accounting policies (Cont'd)

The principal effects of the changes of accounting policies resulting from the adoption of the new or revised FRSs are discussed below:

a. FRS 2: Share-Based Payment

FRS 2 requires an entity to recognize share-based payment transactions in the financial statements, including transactions with employees or other parties to be settled in cash, or equity instruments of the entity. Prior to the adoption of FRS 2, the Group did not recognize the financial effect of share-based payments until such payments were settled. All the options under the Employees' Share Option Scheme of the Company were granted before 31 May 2003. In accordance with the transitional provisions of FRS 2, the FRS has not been applied to the options granted to employees on or before 31 May 2003, thus, the change in accounting policy has no impact on the results for the current financial year.

b. FRS 3: Business Combinations, FRS 136: Impairment of Assets and FRS 138: Intangible Assets

Goodwill

There is no change of accounting policy for goodwill in current financial year. In the financial statements for the financial year ended 31 May 2006, the Group has adopted the accounting policy that the goodwill arises on acquisition be recognized as an intangible asset and disclosed separately on the consolidated balance sheet at cost less any impairment losses, if any. The goodwill is not subject to annual amortization but is reviewed for impairment annually. Impairment will be recognized in the income statement when the results of such impairment review indicate the carrying value of goodwill is impaired.

Under FRS 3, after reassessment, any excess of the Group's interest in the net fair value of acquirees' identifiable assets, liabilities and contingent liabilities over the cost of the acquisitions (previously referred to as "negative goodwill"), is now recognized immediately in income statement. Prior to 1 January 2006, negative goodwill is stated in the balance sheet as reserve on consolidation. In accordance with the transitional provision of FRS 3, the negative goodwill as at 1 June 2006 of RM8,716,000 was derecognized with a corresponding increase in retained earnings.

Intangible assets other than goodwill

Under the new FRS 138, trademark is an intangible asset. From 1 June 2006, trademark is stated at cost less accumulated amortization and impairment losses. FRS 138 require that the useful lives of intangible assets other than goodwill be assessed at the individual asset level as having either a finite or indefinite life. Intangible assets with indefinite useful lives are not amortized but instead, are tested for impairment annually

Quarterly Report on consolidated results for the 4th financial quarter ended 31 May 2007

A2. Changes in accounting policies (Cont'd)

c. FRS 101: Presentation of Financial Statements and FRS 127: Consolidated and Separate Financial Statements

The adoption of the revised FRS 101 and FRS 127 has affected the presentation of minority interest and other disclosures. In the consolidated balance sheet, minority interests are now presented within total equity. In the consolidated income statement, minority interests are presented as an allocation of the total profit or loss for the period. A similar requirement is also applicable to the statement of changes in equity. FRS 101 also requires disclosure, on the face of the statement of changes in equity, total recognized income and expenses for the period, showing separately the amounts attributable to equity holders of the parent and to minority interest. The current year's presentation of the group's financial statements is based on the revised requirements of FRS 101, with the comparatives restated to conform with the current year's presentation.

d. FRS 140: Investment Property

Investment properties, being properties held to earn rentals and/or for capital appreciation, previously included under property, plant and equipment at valuation less accumulated depreciation, are now disclosed as a separate line item in non-current assets and stated at cost.

A3. Auditors' Report

The auditors' report of the audited financial statements for the financial year ended 31 May 2006 was not subject to any qualification.

A4. Seasonal/Cyclical Factors

There were no significant seasonal or cyclical factors which have materially affected the results of the Group for the fourth quarter.

A5. Unusual Items

There were no unusual items affecting assets, liabilities, equity, net income or cash flows for the financial year under review.

A6. Changes in Estimates

There were no changes in estimates of accounts reported in prior interim period of the current or previous financial year.

A7. Debts and Equity Securities

There were no issuance and repayment of debts and equity securities, share buy-backs, share cancellations, shares held as treasury shares by the Company during the current quarter.

A8. Dividend Paid
