# PART A - DISCLOSURE NOTES AS REQUIRED UNDER FRS 134

# A1. Basis of preparation

The interim financial statements have been prepared under the historical cost convention except for the revaluation of a property, plant and equipment.

The interim financial statements are unaudited and have been prepared in accordance with the requirements of FRS 134: Interim Financial Reporting and paragraph 9.22 of the Listing Requirements of Bursa Malaysia Securities Berhad.

The interim financial statements should be read in conjunction with the audited financial statements for the year ended 31 May 2010. These explanatory notes attached to the interim financial statements provide an explanation of events and transactions that are significant to an understanding of the changes in the financial position and performance of the Group since the financial year ended 31 May 2010.

# **A2.** Change in accounting policy

The significant accounting policies adopted are consistent with those of the audited financial statements for the year ended 31 May 2010, except for the adoption of the following new Financial Reporting Standards ("FRSs"), Amendments to FRSs and Interpretations by the Group with effect from 1 January 2010.

# FRSs, Interpretations and amendments effective for the annual periods beginning on or after 1 January 2010

- FRS 7, Financial Instruments: Disclosures
- FRS 101, Presentation of Financial Statements (revised)
- FRS 123, Borrowing Costs (revised)
- FRS 139, Financial Instruments: Recognition and Measurement
- Amendments to FRS 1, First-time Adoption of Financial Reporting Standards
- Amendments to FRS 7, Financial Instruments: Disclosures
- Amendments to FRS 127: Consolidated and Separate Financial Statements: Cost of an Investment in a Subsidiary, Jointly Controlled Entity or Associate
- Amendments to FRS 139, Financial Instruments: Recognition and Measurement
- IC Interpretation 10, Interim Financial Reporting and Impairment

Other than the application of FRS 101 and FRS 139, the application of the above FRSs, Amendments to FRSs and Interpretations did not result in any significant changes in accounting policies and presentation of the financial results of the Group.

(a) FRS 101: Presentation of Financial Statements (revised)

The Group applies revised FRS 101 (revised) which became effective as of 1

January 2010. As a result, the Group presents all non-owner changes in equity in the consolidated statement of comprehensive income.

(Incorporated in Malaysia)

Comparative information has been re-presented so that it is in conformity with the revised standard. Since the change only affects presentation aspects, there is no impact on earnings per share.

### (b) FRS 139: Financial Instruments: Recognition and Measurement

The adoption of FRS 139 has resulted in changes to the accounting policies relating to recognition and measurement of financial instruments. A financial instrument is recognized in the financial statements when, and only when, the Group becomes a party to the contractual provisions of the instrument. A financial instrument is recognized initially, at its fair value plus, in the case of a financial instrument not at fair value through profit or loss, transactions costs that are directly attributable to the acquisition or issue of the financial instruments.

#### Financial Assets

Financial assets are classified as financial assets at fair value through profit or loss, loans and receivables, held to maturity investments, available for sale financial assets or as derivatives designated as hedging, instruments in an effective hedge, as appropriate. The Group's financial assets include cash and short-term deposits, loans and receivables and available for sale investments.

#### i) Loans and receivables

Prior to 1 January 2010, loans and receivables were stated at gross proceeds receivables less provision for doubtful debts. Under FRS 139, loans and receivables are initially measured at fair value and subsequently at amortized cost using the effective interest rate method. Gains and losses are recognized in the consolidated income statement when the loans and receivables are derecognized, impaired or through the amortization process.

Prior to 1 January 2010, allowances for doubtful debts were recognized when it was considered uncollectible. Upon the adoption of FRS 139, an impairment loss is recognized when there is objective evidence that an impairment loss has been incurred. The amount of the loss is measured as the difference between the receivable's carrying amount and the present value of the estimated future cash flows discounted at the receivable's original effective interest rate. As at 1 January 2010, the Group has remeasured the allowance for impairment losses as at that date in accordance with FRS 139 and this standard did not have any significant impact on the financial position and results of the Group.

# ii) Available for sale

Prior to 1 January 2010, available for sale financial assets such as other investments were accounted for at cost less impairment losses. Under FRS 139, available for sale financial asset is measured (a) at fair value initially and subsequently with unrealized gains or losses recognized directly in equity until the investment is derecognized or impaired or (b) at cost if the unquoted equity instrument is not carried fair value cannot be reliably measured.

(Incorporated in Malaysia)

# Financial Liabilities

Financial liabilities are initially recognized at fair value through profit or loss. All financial liabilities are subsequently measured at amortized cost other than those categorized as fair value through profit of loss. The Group's financial liabilities include trade and other payables and borrowings.

# Derivatives

Prior to the adoption of FRS 139, derivative financial instruments were recognized in the financial statements on settlement date. With the adoption of FRS 139, derivative financial instruments are now categorized as fair value through profit or loss and measured at their fair value with the gain or loss recognized in the profit or loss. Derivatives are carried as assets when fair value is positive and liabilities when fair value is negative.

There were no significant changes to the interim financial report other than inclusion of off-balance-sheet derivatives at their fair values, in the interim financial report in line with the accounting policy as disclosed.

This standard did not have any significant impact on the financial position and results of the Group. In accordance with the transitional provisions of FRS 139, the above changes applied prospectively and the comparatives as at 31 May 2010 are not restated.

# (c) FRS 8: Operating Segments

FRS 8 requires a 'management approach', under which segment information is presented on the same basis as that used for internal reporting purposes. As the Group's chief operating decision maker, the Group's Board of Directors, relies on internal reports which are similar to those currently disclosed externally, no further segmental information disclosures will be necessary.

At the date of authorization of these financial statements, the following new FRSs and Interpretations, and amendments to certain Standards and Interpretations were issued but not yet effective and have not been applied by the Group, which are:

# Effective for financial periods beginning on or after 1 July 2010

#### (a) Statement of compliance

# (i) FRS 123, Borrowing Costs (revised)

The revised FRS 123 removes the option to expense borrowing costs and requires an entity to capitalize borrowing costs directly attributable to the acquisition, construction or production of a qualifying asset as part of the cost of that asset. The adoption of this standard will result in a change in accounting policy. In accordance with the transitional provisions, the Group will apply the revised FRS 123 to borrowing costs related to qualifying assets for which the commencement date of capitalization is on or after 1 June 2010.

# (ii) Improvement to FRSs (2009)

Improvement to FRSs (2009) contains various amendments that result in accounting changes for presentation, recognition or measurement and disclosure purposes. The amendment that impacts the Group is as follows:

(Incorporated in Malaysia)

# FRS 117, LEASE

The amendments clarify that the classification of lease of land and require entities with existing leases of land and buildings to reassess the classification of land as finance or operating lease. Leasehold land which in substance is a finance lease will be reclassified to property, plant and equipment. The adoption of these amendments will result in a change in accounting policy which will be applied retrospectively in accordance with the transitional provisions. The management is still in the midst of assessing the presentation of leasehold land of the Group.
